Announcing Fit Test Card Printing for the PORTACOUNT® Plus Respirator Fit Tester

## Fit Test Cards Improve Your Respirator Program and Help Protect Workers

Automatically print fit test cards with the new Model 8907 Card Printer Kit, new FitPlus™ v3 Fit Test Software and your PORTACOUNT Plus Respirator Fit Tester! When each worker carries an individualized fit test card, you can...

- Facilitate workplace respirator audits
- Confirm workers are using the correct mask
- Eliminate worker confusion about which mask to use
- Verify that worker's last fit test is current
- Ensure correct mask issue from stores
- Prevent issue of respirators to unqualified workers

The Model 8907 is rugged, reliable and easy to use. High-resolution (300 dpi) fit test cards print in less than 10 seconds!

FitPlus Software Automates Quantitative Respirator Fit Testing

FitPlus v3 Software together-er with the PORTACOUNT Plus is the ultimate fit test system for elastomeric and disposable respirators. The updated software prompts the
