TSI Hosts Tour During 28th Annual AAAR

Shoreview, MN - The 28th annual conference of the American Association of Aerosol Research (AAAR) was held at the Hyatt Regency Hotel in Minneapolis, MN on October 26 – 30, 2009. TSI Incorporated is proud to be a long-time organizational sponsor of AAAR, and have sponsored the annual conference since its inception. A number of TSI engineers and scientists presented work on instrumentation design, research and development and general aerosol science and technology. To all of those who presented on behalf of TSI, we thank you for your hard work and contributions.

AAAR Technical Program Contributors:

Robert Caldwell

Brian L. Osmondson

Jim Farnsworth

Xiaoliang Wang

Melissa Grose,

Tony Hase

Jugal Agarwal

Greg Olson

Avula Sreenath

Markus Gaelli

Kathy Erickson

Robert Anderson

Tim Johnson

Chaolong Qi

Stanley Kaufman

Jeff Baker

TRUST. SCIENCE. INNOVATION.

During the conference, TSI had the opportunity to host nearly a hundred AAAR attendees on a tour of TSI Shoreview facilities. Many of TSI's aerosol enthusiasts came together to walk attendees through TSI, relay some TSI specific aerosol history and provide a bit of information on the breadth of TSI's product groups. Afterwards, a reception was held to welcome AAAR tour attendees. TSI's CEO Tom Kennedy greeted the group and during the reception a drawing was held for an 8 GB iPod Touch. Overall, the TSI tour and reception provided a great opportunity to eat, drink and be merry!

About TSI Incorporated

TSI Incorporated serves a global market by investigating, identifying and solving measurement problems. As an industry leader in the design and production of precision instruments, TSI partners with research institutions and customers around the world to set the standard for measurements relating to aerosol science, air flow, health and safety, indoor air quality, fluid dynamics and biohazard detection. With headquarters based in the U.S. and field offices throughout Europe and Asia, TSI has established a worldwide presence in the markets we serve. Every day, our dedicated employees turn research into reality.
