

Features and Benefits

- Use built-in fit test exercise protocols
- Train respirator users with the Real-Time Fit Factor display
- Maintain databases
 - Keep databases on a remote server
 - Simultaneously access databases from multiple installations of FITPRO software
 - Backup and restore databases
 - Maintain separate databases for different clients/departments/facilities/etc.
 - Convert your FitPlus v3 databases to FITPRO format
 - Move records between databases
 - Split databases apart/merge databases together
- Rename custom database fields to suit your needs
- Print improved reports including a Past Due Report
- Export data to an Excel® spreadsheet or CSV file

FITPRO™ FIT TEST Software for PORTACOUNT® PRO and PORTACOUNT® PRO+ Respirator Fit Testers

FITPRO Fit Test software makes fit testing simple and foolproof. Included with every PORTACOUNT Pro and PORTACOUNT PRO+ Respirator Fit Tester, the program automatically leads you through the fit test protocol step by step. You can't make a mistake and your fit test results are stored in a database for easy report generation, retrieval and regulatory compliance.

Computer Requirements

- Microsoft® Windows® XP, Windows Vista® (32-bit only), or Windows 7 (32- and 64-bit) software
- 1 GB free space on hard drive
- CD-ROM reader
- 1 free USB port

Specifications for Recommended Model of ID Card Printer

For Fargo C30 and DTC300 Card Printer
(not available through TSI)

Manufacturer
Fargo Electronics

Card Size
3.375 in. x 2.125 in. (86 mm x 54 mm) CR-80

Card Input Hopper Capacity
100 cards (30 mil)

Card Output Hopper Capacity
30 cards (30 mil)

Colors
Up to 16.7 million¹

Dimensions (HWD)
7.0 in. x 10.5 in. x 7.5 in. (178 mm x 267 mm x 190 mm)

Computer Interface
USB 1.1 (USB 2.0 compatible)

Print Method
Dye-Sublimation/Resin Thermal Transfer

Print Speed
Monochrome 7 seconds per card / 514 cards per hour (K)
Color 27 seconds per card / 133 cards per hour (YMCKO)¹

Resolution
300 dpi (11.8 dots/mm)

Power Requirements
100–240 VAC Auto Sensing, 3.3 A, 50/60 Hz

¹FitPro Software does not support color. Printer is shipped with black ribbon.

Licensed under US Patent No. 5,117,190 and other patents from Commissariat a L'Energie Atomique, France. U.S. Patent No. 6,125,845. Other patents pending.

ID Card Printer Option for the FitPro Fit Test Software

You can improve your respirator program and help protect workers by printing individualized fit test cards for each worker. Each fit test report includes an integrated fit test card, however a fit test card can also be printed on more durable plastic ID cards. In conjunction with your PORTACOUNT PRO or PORTACOUNT PRO+ Respirator Fit Tester and FitPro Fit Test software, an ID Card Printer automatically prints high-resolution (300 dpi) fit cards in less than ten seconds.

Features and Benefits

- Print fit test cards
- Facilitate workplace respirator audits
- Confirm workers are using the correct mask
- Eliminate worker confusion about which mask to use
- Verify that worker's last fit test is current
- Ensure correct mask issue from stores
- Prevent issue of respirators to unqualified workers
