Thank you for purchasing a PortaCount® Respirator Fit Tester. For further information, please visit us online at www.tsi.com/PortaCount-Respirator-Fit-Tester-Models-8040-and-8048. This guide will help you to quickly begin using your PortaCount with a personal computer or tablet.

### 1. Software Installation

Use your tablet or computer to access the TSI software and firmware wizard at: [https://www.tsi.com/support/tsi-software-and-firmware-wizard/](https://www.tsi.com/support/tsi-software-and-firmware-wizard/). Follow the instructions to download the software. Then run the FitPro™ Ultra Fit Test Software installer. For questions refer to detailed software installation instruction sheet included in your instrument case. Or call Customer Support at 1-800-680-1220 (USA), (651) 490-2860, or 001 651 490-2860 (International) or visit [www.tsi.com/support](http://www.tsi.com/support).

### 2. Communications Setup

Connect your tablet or computer to the PortaCount Fit Tester via the USB cable provided.

Connect the “USB-A” plug connection to the computer.

Connect the “USB-C” plug connection to the back of the PortaCount Fit Tester.

### 3. Initial PortaCount Respirator Fit Tester Start-Up

Plug the PortaCount Fit Tester into an AC power source using the power supply provided. Press the On/Off button to turn it on ( ).

### 4. FitPro Ultra Software Start-Up

Start the FitPro Ultra software and follow the on-screen instructions.

### 5. Verify Communications

When FitPro Ultra software launches it will automatically search for all available PortaCount Fit Testers. It will list them according to their serial numbers and provide you with an option to connect. If you do not see the instrument you want to connect with, please make sure it is powered on and verify the USB connection.

### Further Learning

You are now ready to learn about the daily operations of the PortaCount Fit Tester and FitPro Ultra Software. Refer to the PortaCount Respirator Fit Tester Operation and Service Manual. The manual is available for download from the TSI website.

For further training on fit testing with the PortaCount Fit Tester refer to the PortaCount Academy website at [www.tsi.com/pcacademy](http://www.tsi.com/pcacademy).

### Return for Service

To return the instrument, complete the “Service Request” form at [www.tsi.com/service](http://www.tsi.com/service) or call TSI at 1-800-680-1220 (USA), (651) 490-2860, or 001 651 490-2860 (International) for specific return instructions.
