

LASER AEROSOL SPECTROMETER 3340A

TSI service, performed on an annual basis, helps to keep your 3340A in proper working order. TSI offers two levels of service: **Clean and Calibrate**, and **Repair, Clean and Calibrate**. Read below to learn what is included in each service.

Clean and Calibrate Service includes:

Maintain	<ul style="list-style-type: none">+ Confirm voltages at circuit boards. Set reference voltage to ensure proper sizing and counting+ Verify fan performance and leak-free flow path+ Clean laser window+ Align optics while running reference particles (100 nm PSL)
Replace	<ul style="list-style-type: none">+ Replace filters, tubing, and o-rings as needed
Test	<ul style="list-style-type: none">+ Calibrate particle sizing from 0.1 - 7 microns using NIST-traceable PSLZero check<ul style="list-style-type: none">+ Conduct 24 hours of zero check testing to ensure concentration accuracy, and meet or exceed false count specification of < 1 particle / 5 minutesCounting efficiency<ul style="list-style-type: none">+ Confirm counting efficiency of instrument relative to a reference single-particle-counting instrument (CPC) using monodisperse aerosol
Does NOT Include	<ul style="list-style-type: none">Broken Parts<ul style="list-style-type: none">+ Internal pump, circuit board, etc. <i>(In such cases, consider 'Repair, Clean and Calibrate' service)</i>Physical Damage<ul style="list-style-type: none">+ Scratches on case

SERVICE OPTIONS

LASER AEROSOL SPECTROMETER 3340A

Repair, Clean and Calibrate includes:

Repair	+ Repair or replace broken parts (e.g. internal pump, circuit board)
Clean and Calibrate	+ All actions in a standard 'Clean and Calibrate' service are then performed
Does NOT Include	+ Physical damage (e.g. scratches on case)

WHAT MAKES TSI SERVICE VALUABLE?

As a result of TSI service, you are returned an optimally performing and updated instrument. The service is performed by TSI's experienced technicians for a fixed price. This simple service process allows you to stay focused on the work that is important to you. TSI's calibration of the 3340A LAS is traceable to National Standards and Metrology Institutes (NIST, NPL UK) and other accepted values of physical constants. TSI is registered to ISO-9001:2015.

These TSI services come with a 90-day warranty on labor performed, or parts used, during the service.
